

DMITRY SHAMKO

FRONTEND DEVELOPER

ABOUT ME

I'm a frontend developer with 1+ years of experience creating SPAs using React, Redux, TypeScript, JavaScript, CSS, and HTML.

I am constantly improving my skills and looking to expand my knowledge with new technologies such as Vue.js, React Native, Next.js, and GraphQL.

Additionally, I'm delving deeper into the technologies I already know.

Furthermore, I'm dedicated to improving my English proficiency while learning new technologies and enhancing my skills.
